# CUSTOMIZE OR CREATE FROM SCRATCH

- 1 Menu bar** – This is the menu bar on the very top of the editor. From here, you'll be able to access the features like Undo, Redo, Resize, Share, Download, Order prints, and others. You'll also be able to see your design's saving status from here.
- 2 Side panel** – This panel that appears on the side of the editor is where you'll be able to access the templates and elements you can use in your design. It's divided into 6 tabs dedicated to Templates, Images, Text, Uploads, Folders, and Apps.
- 3 Canvas** – At first, this is the blank white space occupying the majority of the editor. Consider this your main workspace since this is where you'll work on your designs.
